NETWORKING

November 8-10, 2024 | Copenhagen, Denmark Dr. Iván Malagón and Dr. Diego Peydro

This MasterCOIP Intermediate educational program has been crafted by two distinguished clinicians, Dr. Diego Peydro and Dr. Iván Malagón. After training 1,000s of doctors over the past 15 years, they now seek to share their COIP protocols with orthodontists across Europe.

By following these protocols, you can achieve efficient results in clear aligner therapy and enhance your dental practice. This course also provides an excellent opportunity to network with other professionals who share your interest in clear orthodontics. Enjoy a friendly, professional environment that is perfect for an unforgettable learning experience.

WHO SHOULD ATTEND

- › Doctors with prior knowledge and experience in clear orthodontics and clear aligners
- › Doctors who want to enhance their skills, gain more knowledge, and become experts in this field

COURSE HIGHLIGHTS

- › Learn how to diagnose and plan advanced clear aligner treatments
- › Gain an understanding of the specific sequence of tooth movement necessary to achieve predictable outcomes using aligner therapy
- › Explore tips and techniques for utilizing attachments and auxiliaries to correct various malocclusion types
- › Confidently apply protocols to treat various malocclusions
